

Restoration Campground at Atan, Nigeria

The Saints in Lagos Nigeria have labored long to produce the compound at Atan which they are dedicating for the purpose of a Restoration Campground complete with sleeping rooms, office, restrooms and an assembly hall. They have struggled for four years to get the facility to this point (shown below). Now they desperately need the help of ALL the saints to get over the threshold of putting on the decking which will serve as the ceiling for the first floor, and the floor for the second story. They will also complete the restrooms so this facility can be used. It will become the place for retreats, camps, large assemblies, and also serve as the local branch at Atan. It will require approximately \$20,000 to complete the decking and restrooms, and \$54,000 to complete the whole project. Lots of small donations can reach this goal.

Donations can be made to the CRE with the memo "Nigeria Camp", or to ARM with the same notation. Send to one of the addresses below:

Conference of Restoration Elders
1551 N. Courtney Rd.
Independence Mo. 64050

Shaun Turner (ARM treasurer)
3519 S. Crysler Ave.
