

Dear Sisters,

Why did I choose such a theme as “*The Words of Jesus*”? First, I recalled the words of Nephi “*To Feast Upon the Words of Christ*”. I noted that there was an “**ACTION**” involved in this process. We must act by “Feasting” on the words. Then an implied “**ACTION**” is mentioned which is “*The words will tell you all things that you should do*”. This means we must move out in faith when those words tell us what we should be doing and do it!

Second, I also felt that as women of the church we need to not only read/feast on the words of Jesus but we need to ponder on those words and consider their meaning in our lives. If you, like me, were raised in the church, then you have read and heard the words of Jesus all of your life and, sorry to say, we often tend to take them for granted. It's easy to place God's word in the religious section of our life; things to consider on Sunday and not in our daily life. How many times do we really stop and consider how to apply “The Words of Jesus” in our daily life? How to put an “**ACTION**” to them?

Too often we categorize them into “Just Words”, “Nice Words”, even “Holy Words”, but yet they seem to have no effect on our daily lives. The words of Jesus are alive with power and intent. We need to build our lives upon them. They are foundational to being followers of Christ. So it is that I have chosen to focus on the “The Words of Jesus”. I have tried to break them down and group them into some categories that we might study upon them more affectively. The whole point of the classes' this spring is that we might integrate the words of Jesus into our daily lives, *that they might come alive in us*. Some of these topics we have studied in the past but in this study, Spring of 2025:

I want us to move beyond study to “Action”. How should the words of Jesus change your life? I want the words of Jesus Christ to “Call Us to Renewed Action” in our daily life!

Blessings,
Pat Chadwick
